

Welcome to our clubhouse Wi-Fi

We have two networks.

clubhouse

is encrypted and requires a password. The password is **clubhouse** (all lower case, one word).

clubhouse-guest

is NOT encrypted but does not require a password. You could be vulnerable to unauthorized access of your data connection.

The Wi-Fi is designed for light use.

- ✓ Email
- ✓ Web browsing
- ✓ Looking at pictures
- ✓ Streaming music

- ✗ Watching TV
- ✗ Watching movies
- ✗ Watching sporting events
- ✗ Gaming

We all share the limited bandwidth at the clubhouse. In many cases you will have more bandwidth at home than is available at the clubhouse.

Thank you for being a good neighbor.
